

I am a listener and supporter of K-Love Radio on 91.1 FM in Fresno, Ca. K-Love is always there for me when I need to feel Gods word and work in action. K-Love is a way that I can help to spread the word of God for someone else should they desire it. There is no where else to go to listen to POSITIVE and ENCOURAGING radio in the times that we are in today. I hope that you will allow K-love to continue broadcasting in its current format and please do not change anything about this station as it is very needed in my community. Thank you for letting me send my comments to you in this way. God Bless!
